Employment History:

Sky- Software Developer: Sept 2019- Present

I was promoted to a mid-level developer role after 10 months as an associate. In this role I take the lead on parts of major projects within the team from frontend rebranding work to enriching backend apis provided to third parties. I liaise with third parties, refine technical details, contribute to large shared codebases and pair/mob with other developers to deliver work.

Associate Software Developer: Dec 2018- Sept 2019

After the graduate scheme I moved into the team that maintains news.sky.com and worked in php, I also worked on frontend technologies using hbs and sass to contribute to shared components.

Software Engineering Academy Graduate Scheme: July 2018- Dec 2018

The Sky software engineering graduate scheme involved a bootcamp working on technologies ranging from Java/Spring boot web apps to learning nagios, docker and AWS before moving into small teams to work on longer projects. I helped to create a backend api written in Kotlin used to provide data to an iOS app.

Leeds Beckett University- Library and Student IT Advisor: June 2017- June 2018

The University of Bradford- Enquiry Desk Supervisor (Senior Library Assistant): October 2016- June 2017,
Graduate Trainee Library Assistant: October 2015- October 2016

English Heritage, Clifford's Tower, York- Events Steward: July 2014-Sept 2014.

The Youth Re: Action Team- Youth Mentor/ Research Assistant: September 2009-July 2011

Education: University of York:

Culture and Thought after 1945	MA	Merit	JAN 2016
